My aim is to inspire people to travel and explore the world around them, to be captivated by its magic as I am.

Visualisation is a great tool to support you saving, and motivating you for your next adventure abroad. And a desktop wallpaper is an ideal spot to inspire or put words of wisdom.

To that end, I'm sharing a few of the wallpapers I've made for myself. Just right click on the image to save and add to desktop (right mouse click desktop, select 'fit' for the right size). Enjoy.
